I have been a government meeting planner for a LONG time! I have been member of SGMP for a LONG time! Why have I been a member for so long...because SGMP delivers what they say the will...EDUCATION, NETWORKING, and RESOURCES. There is no other place where I can go to get the training I need, the contacts I need, or the tools I need to enhance my job as a meeting planner, and to help me create cost effective meetings for my agency. Not only does SGMP provide valuable job training, it provides personal and professional growth opportunities as well. I have served on and chaired numerous Chapter committees. I have served on and chaired numerous National committees. I have served on my Chapter and the National Boards of Directors. These experiences have provided me with amazing professional growth. SGMP is a wonderful place to be if you want meeting planning education, it's a wonderful place if you want career and personal development.
